

## PRESENTATION FORMATS

There are five presentation formats as follows:

1. **Workshop:** A 60-90 minute interactive workshop that is designed for audience participation and discussion.
2. **60 minute presentation** which includes 10 minutes for questions and answers.
3. **30 minute presentation** which includes 5 minutes for questions and answers.
4. **30 minute presentation of a scientific paper** which includes 5 minutes for questions and answers.
5. **Poster presentation:** Poster presentations will be held in a designated area in the exhibit hall. It is expected that one of the authors will be present to answer questions at a pre-determined time during breaks or lunches.
