

CALL FOR PRESENTERS

Picture Yourself Here!

17th ISRRT World Congress and
CAMRT 70th Annual General Conference
Sheraton Centre, Toronto
June 7-10, 2012

Deadline for submission is 23:59 (EST) October 3, 2011

The International Society of Radiographers and Radiologic Technologists (ISRRT) and the Canadian Association of Medical Radiation Technologists (CAMRT) invite radiographers, technologists and other healthcare professionals to submit program proposals now for this multidisciplinary international educational event.

Mission

This World Congress will showcase excellence and innovation in diagnostic medical imaging and radiation therapy practice from around the world. It will provide the opportunity for the global audience to share and learn from common and varied experiences as medical radiation technologists in contemporary health care.

Objectives

- Showcase innovations, research and practices that are enabling and revolutionizing the profession of medical radiation technology
- Provide an interactive venue for knowledge exchange among radiographers, technologists and other healthcare professionals from a range of disciplines and sectors
- Highlight emerging technologies positioned to have a significant impact on the medical radiation technology profession
- Provide both a creditable formal education program and an environment conducive to the informal learning that occurs through sociable networking opportunities
